

# ISTOP-BS™

(Bird S#!%#)

## ACTIVE/PASSIVE BIRD DISCOURAGER

**ISTOP-BS**  
Stops Birds  
From Perching

**ISTOP-BS**  
Economical and  
Cost Effective

**ISTOP-BS**  
Safe And Simple  
To Install

**ISTOP-BS**  
Proven  
Effective

# ISTOP-BS™

## WORKS

ISTOP-BS works on basic principals of bird behavior:

Birds will not land on surfaces that won't support their weight.

ISTOP-BS's arms are **BALANCED** and free to move, preventing birds from landing and perching.

Birds don't like moving, flashy, visual deterrents.

ISTOP-BS's **REFLECTIVE AIR FOILS** at the end of each arm allows them to float in the wind.

Birds use their body weight to remove unwanted obstructions.

ISTOP-BS's **EXTENDED ARMS** provide a pointed end to this fruitless endeavor.

### ISTOP-BS MOUNTING BASES

**Wood Pole  
Mounting Base**

**Flat Surface  
Mounting Base**

**Lattice Tower  
Mounting Base**
